

About Cornwall Plus

[Cornwall Plus](#), the trading subsidiary of Falmouth Exeter Plus, offers accommodation and other campus facilities to the general public when not in use by students. All profits (around £300K each year) are reinvested back into the campus for the benefit of all our students.

Summer 2017 update

Cornwall Plus comprises a number of teams across all directorates, working together to welcome more than 40 residential groups and over 5,000 holiday-makers this summer. Offering affordable summer accommodation in the heart of Cornwall in July and August, July tends to be the month for group residentials, both academic and special-interest, whilst the majority of our August bookings are for holiday-makers.

Check out our apart-hotel style double and twin en suite bedrooms and flats at www.cornwall-plus.co.uk, along with our special offers including a chance to win a stay worth £1000 in our free prize draw which is also open to all staff – perhaps an option for visiting friends and family.

To give some you a flavour of the groups expected this summer, we are working with our university partners and external clients to deliver:

University of Exeter or Falmouth University-related residential events	14
Educational events to External Clients	5
Special Interest Groups	12
National Citizenship Residential groups	12

Our Falmouth and UoE Residential Groups cover a broad range of subjects including Ecology, Jazz, Mining and Minerals, Dance, Photography and Business Management (please contact [Falmouth University](#) or [University of Exeter](#) for full details).

We are delighted that Falmouth University Graduation will take place on the Penryn Campus for the first time this summer. Scheduled over four days (Monday 17 to Friday 21 July) with the transformation of the Sports Hall for the graduation ceremonies and lots of other exciting surprises planned to congratulate our new Graduands.

We also congratulate our University of Exeter Graduands on their graduation event taking place the following week on Monday 24 July 2017. The ceremonies will be hosted at Truro Cathedral with the post-ceremony receptions being held in our new Sports Hall www.fxplus.ac.uk/sportscentre

We are working with several educational groups this year, including Agile on the Beach 2017 (agileonthebeach.com) returning in their new July timeslot, arriving on Thursday 6 July 2017.

Our resident Hasidic Jewish Group also arrive on Monday 7 August 2017 for their annual two-week stay.

We are also pleased to welcome back one of our local activity organisers, Elemental UK (www.elementaluk.com), who host a summer school on campus each year, and the Wild Days Conservationists are also coming to stay on Saturday 5 August 2017.

Our special interest groups cover a wide range of topics, from the University of Southampton Oceanographic Field Trip in early July, to a Tattoo Convention, to be held in our Sports Centre over the August Bank Holiday.

In between, we are also pleased to welcome such diverse groups as the Frome Historical Society (www.fsls.org.uk), the Travel Wright Archaeological and Historical Society and the energetic cyclists from 'Ride the Trafalgar Way' (ridethetrafalgarway.com/events), who are starting their epic 100 mile ride at Pendennis Point this year.

We also welcome over 1,000 16 - 18 year olds through [The National Citizenship Service](#) (NCS), a fantastic scheme designed to encourage young people to volunteer in their local community, build skills and experience as well as raising their aspirations with regards further education. As word spreads, we now welcome five different NCS groups from Hampshire, Wiltshire, Devon and Cornwall.

All in all, it's shaping up to be a very busy summer. Please do all look out for people who don't know the campus as well as the rest of us, point them in the right direction helping to ensure we showcase our wonderful campus at its best and ensure a positive customer experience for all our visitors.
